

## *Optiheal Paint Protection Film*

Size of roll	1.52m x 15m
Coating brightness	40%
Adhesive	25 $\mu$ m
Elongation	$\geq 300\%$
Type	Gloss
Function	Instant healing
Coating + TPU + Glue Thickness	7.5mil $\pm$ 0.3 190 $\mu$ m
Coating thickness	10 $\mu$ m

Solvent Resistance	No change
Gravel Test	No change
Thermal Test 40c ~ 80c	No change
Tensile Strength	24mpa
Peel force 24hr	2485g/inch
Warranty	10 years

### **Storage conditions**

Temperature 10–36°C, relative humidity 40%–70%, avoid direct sunlight, store in a well-ventilated space.

Avoid extreme temperature ranges in store. Store the product in its original packaging in a horizontal orientation, away from direct sunlight. Do not place heavy objects on top of the packaging as this may damage the product.

Test environment: temperature 23°C  $\pm$  2°C. Humidity 55%  $\pm$  5%.
